SHIBUI

The Japanese Art of Finding Beauty in Aging
SANA E ISHIDA

Shibui—a Japanese word describing the subtle, simple beauty that emerges with time—helps readers find beauty in aging and savor life's later chapters.

Through engaging personal essays, watercolor illustrations, and practical activities, Japanese American author Sanae Ishida presents a refreshing alternative to Western anti-aging messages.

Each chapter explores a different dimension of aging beautifully: beauty (bi), health (kenkou), purpose (mokuteki), wealth (tomi), connection (tsunagari), and approaching life's end (owari).

In Shibui, readers will find:

- Personal anecdotes that bridge Eastern and Western perspectives on aging
- Gentle watercolor illustrations that bring Japanese concepts to life
- Cultural insights into Japanese traditions that honor aging
- Practical exercises and reflections to apply shibui principles to daily life
- Simple activities to cultivate appreciation for life's later chapters

This beautifully designed gift book offers both wisdom and actionable ideas for anyone seeking to age with grace, purpose, and joy.

VEGGIES FOR BREAKFAST

100 Delicious Plant-Focused Recipes
for Healthier Mornings

WILLI GALLOWAY PHOTOGRAPHS BY JIM HENKENS

Eat more veg, more often! These quick, easy, and tasty vegetarian-ish breakfast recipes offer adaptable make-ahead meals to take the stress out of your mornings and start the day off right.

Preparing breakfasts beyond cereal, smoothies, and yogurt is often seen as time consuming—especially when you're busy packing lunches for the family, or rushing out the door. But author Willi Galloway provides a road map for making veg-packed and healthful breakfasts that make mornings a breeze.

From classic avocado toasts, to veggie and egg tacos, and innovative ways to sneak vegetables into sweet breakfasts, Willi helps you pack more vegetables into your mornings.

Rajas con Crema Breakfast Enchiladas

Making these rich, flavorful enchiladas from scratch is a labor of love worthy of a special occasion breakfast. The filling combines classic *rajas con crema*—roasted pobano peppers, onions, garlic, sour cream, and cheese—with black beans, corn, and scrambled eggs. Everything is rolled up in tortillas and blanketed in tangy salsa verde. For a gluten-free take, use corn tortillas or deconstruct the enchiladas and serve the fillings in a bowl, spooned over brown rice with a sprinkle of cheese, some avocado slices, and a few crunchy radishes.

TIP: Don't eat eggs? You can substitute 8 crispy Tater Tot® for the scrambled eggs in each enchilada. Place an oven rack in the top position in the oven and preheat the broiler on high for 5 minutes. Put the pobano peppers on a sheet pan lined with aluminum foil. Slide the pan into the oven and leave the door slightly ajar as you broil the peppers. Cook them until their skins begin to blacken and blister, about 5 minutes. Remove the pan from the oven and, using tongs, flip the peppers over. Continue broiling until the peppers are soft, pliable, blackened, and blistered all over, about 5 more minutes. Remove the peppers from the oven, put in a medium bowl, and cover with an upside-down plate to steam and cool. Roast the oven temperature to 350 degrees F.

Next, make the scrambled eggs (page XX) in a large skillet and then set them aside on a plate. Clean the skillet and then heat the butter over medium heat. Add in the onions, sprinkle with salt, and cook, stirring frequently until they are very soft, translucent, and just beginning to brown, about 10 minutes. Meanwhile, peel the blistered skins off the peppers and remove the stems and seeds. Slice the flesh into this strips—you should have just under 2 cups of peppers.

AVOCADO TOASTS

No breakfast recipe would be complete without the addition of quick, delicious, adaptable avocado toast. Full of fiber and healthy fats, these avocado toasts are a simple, versatile meal, but it can also be used as a foundation for a more substantial dish. Add a cooked chicken breast or a seared fish fillet for protein. Layer on a generous amount of cherry tomatoes, sliced avocado, and a drizzle of olive oil to get an extra serving of vegetables in at the start of the day. Transform the toast from being just a breakfast foundation to something that truly counts by adding in a little bit of extra ingredients, such as a drizzle of olive oil or a sprinkle of sea salt.

HOW TO PICK THE PERFECT AVOCADO

Start by choosing avocados in the dark green to black skin and firm flesh. The ripeness of the avocado is key. A ripe avocado will be dark green to black on the outside and have a soft, yielding flesh. The avocado is already over-ripe. At home, put the avocado on the counter and let it sit for a few days. The ripeness of the avocado will change. When the avocado is ripe, it will be dark green to black on the outside and have a soft, yielding flesh. The ripeness of the avocado is key. A delightful introduction to the weird and wonderful world of cryptids, *Cryptid Babies* uses fun rhyming text and adorable illustrations to show young children how cryptids eat, sleep, and play—just like us.

Cryptid Babies sets the stage for years of thoughtful reflection about where we draw the line between science and imagination.

KELLY MILNER HALLS has crafted high-interest nonfiction books and articles for young readers for more than 25 years. Known for quirky but well-researched topics, Halls delights in drawing even reluctant readers into the realm of discovery through explorations of dinosaurs, Sasquatch, UFOs and other unusual themes.

NESS HALLS grew up rooting for the monster in every book, movie, and video game; that love for the weird has never left them. They live in the Pacific Northwest with their partner, cats, and way too many plants.

RICK SPEARS was fascinated by dinosaurs as a child and spent many hours drawing pictures of prehistoric animals. His dinosaur and cryptid art has found its way into various books, magazines, websites, and even a board game. His sculptures can be seen in several museums and collections throughout the southeastern United States.
